

Service line card

Hutchens Industries
The Difference is Durability. The Quality is Hutchens.

Air Systems

We diagnose and repair air systems on trucks, trailers, motor coaches, plus military and emergency vehicles.

Alignment

We specialize in front end alignments and laser aligning drive axles and trailer axles. We align motor coach front ends. We spin & balance front wheels.

Brake Systems

We diagnose and repair Brake and ABS systems on trucks, trailers, motor coaches, plus military and emergency vehicles.

Drivetrain

We replace clutches. Flywheels are machined in house. We can R & R drivelines, differentials, and transmissions.

Drums and Rotor Turning

We machine brake rotors and drums in house, ranging from large bus and big rigs to most light duty trucks.

Electrical

We have qualified technicians that can repair lights and wiring, and also repair or replace ABS and RSS systems.

Exhaust Repair

We replace exhaust pipes, flex pipes, and leaking clamps.

Fifth-Wheels

We rebuild, adjust, and replace fifth wheels. We replace trailer kingpins and fabricate new plates.

Frame Straightening

We feature the **ONLY** state of the art **BEELINE** frame straightening machine in Kern County. We can also replace frames.

Front-End Work

We diagnose, repair and replace steering boxes and pumps. We do complete front end repairs (kingpins, spring pins, etc.).

Inspections

We are qualified to do 90 day and annual DOT inspections along with general PM inspections and maintenance.

Springs

We have a custom spring shop. We make, re-bush, re-arch, and repair springs in house, also offering U-bolts made to order.

Suspensions

We repair and can replace if necessary all types of truck and trailer suspensions (air and spring).

Tank Repair

We do external plumbing and general repairs on tanks.

Trailer Axles

We replace and repair all types of trailer axles. We scribe axles, and do minor straightening of axles.

Trailer Repair

We do trailer repair including doors, sliders, outer panels, foaming, kemlite, floors, wood decking, upper, and lower rails.

Welding / Fabrication

We do all kinds of welding, mig, tig and heli-arc. We do all kinds of special fabrication.

Oil and Filter Services

We offer a full line of preventative maintenance services, featuring Delo and Rotella lubricants. Baldwin is our preferred filter.
