

COVID19 Info:

As of 3/17/2020, Kern County has its first reported case of COVID19 (Corona virus). Here at Jerry and Keith's Inc. we are taking extra precautions such as disinfecting every few hours, wearing gloves, and practicing social distancing.

As of today, we plan to **remain open** to serve our customers in this difficult time. As we are a part of an essential supply chain that must be maintained in order for the country to function. All of our services are available including shop work, deliveries, and parts sales.
